MINIPULL-PRO

Minipull-pro e' un sistema di tiro leggero e portatile, per la quale non e' necessario muovere il veicolo. E' un sistema eccellente per la riparazione ed il tiro di pannelli, in maniera rapida e semplice. E' sufficiente posizionare il minipull-pro sulla ruota o un appoggio, agganciare la catena e tirare lentamente.

Minipull-pro is a simple mobile pulling system. It is not necessary to move the vehicle. It is an excellent pulling repair system for panels, in a simple and fast way. It is enough to fix the minipull-pro on the wheels or support, fix the chains and slowly to pull.

PESO / weight	18 Kg
FORZA DI TIRO / pulling capacity	600 Kg
